

**Task Force WG1 30/31 March 2006 in Vienna, Austria
Proposed Agenda**

1. Discussion on and wrap up of STSM Vienna:

- a. Review, up-date and further enhancement of the database (current status: Freiburg meeting 19.09.2005-20.09.2005) by
 - (i) including replies into the database which were sent after Freiburg meeting
 - (ii) advanced checking of correctness and consistency
 - (iii) including additional required questions into the existing questionnaire in order to meet the references established during the STSM in Helsinki**
 - (iv) defining a final structure for the database and integrating tables in a unique database management tool**
- b. Bilateral discussion with the national experts to clarify inconsistent answers and to obtain answers to the additional questions.
- c. Relationship of National Forest Inventories and ICP forest data collections.
- d. Review the established references, their applicability and current status (are they approved within WG1?) Afternoon!**
- e. Proposal of terms for the nomenclature.**
- f. Discussion on a list of references to be handled within Cost also between different WGs**
- g. Publication about references: goals and content of the publication, where should it be published**
- h. Bridges: Rate the impact of differences between national definitions and the approved references. Identification of data needs from the individual NFIs in order to come up to the references. Elaborate and enhance the statistical models to close the gap between national definitions and the established references for volume estimation. Proposal of methods to convert NFIs forest area estimates into the established reference for forest area. This includes proposals for the design of special studies that may be carried out in this concern.**

- i. Discussion on database solutions of “real data” for presenting harmonised European level estimates. (Linked to EFM)**
- j. Principals rules for Publication: question of Authors, ... Start the discussion.**

- k. Responsibilities and contributors of work**

- l. List of attendants for Bordeaux and reimbursements (Friday)**
