

**International Co-operative Programme on Assessment and Monitoring
of Air Pollution Effects on Forests**

Quality Assurance Committee

and

Ministero delle politiche agricole alimentari e forestali – Corpo Forestale dello Stato, Italy

(Associated Beneficiary 15 within the FutMon project LIFE07 ENV/D/000218)

Joint Meeting of

Quality Assurance Committee and FutMon Action C1-QAC-15(IT)

February 18th 2010, Tampere, Finland

Organised within the

Combined FutMon/ICP Forests Expert Meeting

Objective of the meeting

summarize the status of ICP-Forests manual revisions, plan next steps in view of the harmonization and integration of monitoring manuals and of the Task Force meeting and FutMon Status Workshop 2010

Provisional agenda

13.30 – 13.35 Opening of the meeting (M. Ferretti, N. König)

13.35 – 14.55 Presentation (10 min each - strictly) by individual chairpersons of Expert Panels. Due to time constraints, it is necessary to streamline the information to be given. Please report on the following: (i) status of revision for the concerned Part of the Manual; (ii) main problems encountered; (iii) plans to solve them. Presentations will be in the following order:

13.35 - 13.55: crown and biotic damage (two items necessarily discussed into one single time slot)
13.55 – 14.05: growth
14.05 – 14.15: phenology
14.15 – 14.25: biodiversity
14.25 - 14.35: ozone injury
14.35 – 14.45: meteo

14.45 - 15.00 Pause

15.00 – 15.10: soil
15.10 – 15.20: soil solution
15.20 – 15.30: foliar
15.30 – 15.40: litterfall
15.40 – 15.50: deposition
15.50 – 16.00: air quality
16.00 – 16.10: QA Labs
16.10 – 16.20: data submission

16.20 – 16.30: Closing of the meeting (M. Ferretti, N. König)
